- Higher Education Evaluation
- Theoretical and methodological trends for studies on Educational Leadership in Higher Education
- Quality Management in Undergraduate and Graduate Programs
- Academic and Research Networks in Leadership, Management and Administration in Higher Education
- Administration in Higher Education
- Leadership training within University Programs

- University teaching, pedagogy and didactics and their relationship with Educational Leadership.
- E-leadership, Management of technological processes and social networks in Higher Education Decision Making.

### **Papers...**

(...) Must be result of concluded research, a theoretical analysis, or a bibliographic study.

(...) Must be unpublished and original, and should be not submitted to any other Editorial at the same time. Submitted papers are reviewed by Turnitin.

(...) Should be sent to [interleader.diaz@gmail.com](mailto:interleader.diaz@gmail.com) and [interleader.carrasco@gmail.com](mailto:interleader.carrasco@gmail.com) or [red.interleader@gmail.com](mailto:red.interleader@gmail.com)

(...) Should include on the first page the identification of the authors, institution, email and ORCID of each one, as well as an abstract of their academic biography.

APA7 style papers are welcome or follow author guidelines at <https://revistas.uned.ac.cr/index.php/revistacalidad/user/register>.

All the papers will be evaluated in “blind peer review”, all of them, national and international expert academics. In case of controversy, a third evaluation will be required. Subsequently, the Journal Board makes the publication decision after verifying compliance with the subject matter and official requirements of the journal.

### **Languages of publication**

Articles will be accepted in Spanish and English, those accepted in English will be translated by the editorial team, EXCEPT if a percentage of 40% or more is received, if so, the journal will be divided into two parts, one in Spanish and the other in English.

### **Result**

The opinions will be final and any case not foreseen will be decided by the Editorial Board of the journal. The result of the evaluation will be sent to the e-mail address of the author(s).
